DNA / RNA QUANTITATION

Please email this form to MicromonGenomics@monash.edu before sample submission

Name

Institution:

Address¹

Department:

Phone:

Email:

Quote No.¹

Cost Centre / Fund Code² /

¹ Required only by customers external to Monash University.

² Required only by customers internal to Monash University.

MEASUREMENT TYPE

DNA specific fluorimetry

RNA specific fluorimetry

NOTES:

SAMPLE NAMING

- For 1-24 samples in tubes: Please complete the table below.
- For >24 samples in tubes: Please attach an excel (or other) spreadsheet containing your sample names and a concentration estimate, if it is known (even a rough estimate is useful: *i.e.*, from a gel image, a spectrophotometer reading, from your previous experience with similar sample types, or even 'more than...' or 'less than...').
- For >24 samples in plates: Please attach an excel (or other) spreadsheet containing your sample names in the same grid layout as have provided for your samples in the plate.

| | Sample Name | Conc. Estimate (if known) |
|----|-------------|---------------------------|
| 1 | | |
| 2 | | |
| 3 | | |
| 4 | | |
| 5 | | |
| 6 | | |
| 7 | | |
